

Before Your First Use

Carefully unpack the grill stand and remove all packaging materials. Ensure that you have all parts as shown below. To remove any dust that may have accumulated during packaging, wipe all surfaces with a clean, damp cloth. Dry thoroughly. Do not use harsh or abrasive cleaners on any part of the stand.

Assembling Your Electric Grill /Griddle Stand

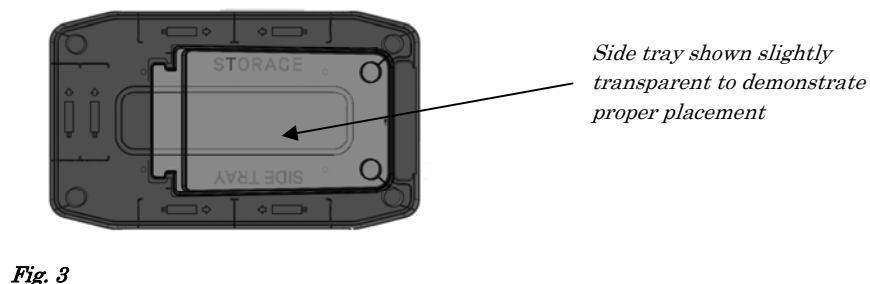

The legs and side stand for your tray store easily on the underside of the large tray. When storing your tray always have the logo side facing down. There are six legs that come with your stand, four for the large tray and two for the small. You can use your grill stand with or without the side tray attached.

1. Remove the side tray from the large tray storage along with all six legs.
2. Insert four of the legs in the large tray leg receptacle and push firmly into place
3. Turn the large tray over so that the logo is now facing up. If using the side tray insert the two legs in the side tray receptacle. Place the end opposite the side tray into the large tray receptacle as shown in fig. 1. Ensure that the legs and side tray are pushed firmly into place.
4. Place your grill/griddle on top of the large tray with the temperature probe socket side opposite the side tray see fig 2.

Storing Your Electric Grill /Griddle Stand

1. The underside of your large stand has graphics showing where to place each leg (see fig. 3).
2. Simply place the legs into each designated spot on the underside of the stand and push firmly into place.
3. The side tray will fit loosely as shown in figure 3.
4. Store your tray with the logo side facing down .

LIMITED 1 YEAR WARRANTY
